Dina/Solomon - Please disregard my error in the original email. I typed in City Attorney instead of Councilmember. My mistake and I need to slow down my cutting and pasting. See corrected email below.

Subject: Invitation for City Attorney to speak at April 27th USC Homeless Initiative DE

Dina/Solomon - I hope this invitation finds you well. On behalf of USC President C.L. "Max" Nikias and Senior Vice President Tom Sayles, we wanted to invite Councilmember Harris-Dawson to participate in a Wednesday, April 27th event focused on homelessness in Los Angeles. The name of the event is the "USC Initiative to End Homelessness in Los Angeles" and it is being organized by numerous USC schools including our Provost Michael Quick, USC School of Social Work, Price School of Public Policy and Viterbi School of Engineering, among many others. This entire event is being designed as a kick-off event in which we will define USC as a full partner with the City/County and other institutions, lay out the work of our faculty in developing solutions to current challenges, and identify new roles for the University. Our goal is to bring together County/City leaders, USC researchers and other leaders/experts to present information that underscores the deep civic, moral, and political commitment to ending homelessness.

We would like to invite the Councilmember to moderate a 10:50-11:30 panel titled "Preventing homelessness in special populations" and we would him to focus on guiding a panel that will identify main challenge that impedes implementation of solutions (organizers want to exclude "additional funding"). Invited panelists include City Attorney Mike Feuer, and leadership within the L.A. County Dept. of Housing, Health, and the United Way.

Others panels throughout the day will focus on the following issues:

- A vision for 2020 - An end to homelessness in Los Angeles
- Homelessness in Los Angeles County: Current Scope and Initiatives

- Business and technology solutions to overcoming homelessness (followed by a break and lunch)
- Homelessness and housing: supply and subsidies
- Role of universities in housing solutions
- Closing remarks by President Nikias

The April 27th event is scheduled to begin at 9 am and end at 2:30 pm are expecting a crowd of over 200 with media coverage. If the Councilmember is able to attend, we will work with the organizers to facilitate a pre-meeting and we will ensure that you have all the information needed. **If possible, please let us know by Monday, April 4th.** I will be out of the office from March 28th- April 1st, so if you have any questions, please contact Kathy Kuriyama who is CC'd to this email. Thank you!!
